CHANGES REGARDING THE ACTIVATION WORKS

As of April 2023, according to the latest amendment to the law on material need assistance, only those who receive the material need benefit themselves will be entitled to **activation allowance**, their **family members will no longer** be. Instead of the previously known form of activation works, there will be new projects: Through the project called "**Support for the maintenance of working habits**", within the framework of which a job seeker receiving the material need benefit continuously, for a maximum of **six months** carries out **20 hours per week** of activation activities, can receive an **activation allowance of 75,70 EUR**.

Within the framework of the "**Activation of disadvantaged job seekers**" national project, those performing **more professional work activities** can receive a financial support of **234,42 EUR for three to five months**.

RENOVATION OF THE PAVEMENT IN FRONT OF THE MORTUARY IS FINISHED.

JUNKY THINGS

With the help of the table below, we would like to inform the esteemed residents that the year-to-year difference between waste tax payments and waste management fees payable by the municipality is **unsustainable in the long term**. We do not want to deny anyone the provision of the service, but we ask those who have **debts** regarding their **garbage taxes** to try to **pay them off** slowly.

Years	2015	2016	2017	2018	2019	2020	2021	2022
Garbage taxes paid (EUR)	1868	765	832	714	714	799	1233	779
